PROFESSIONAL PROFILE

Landscape Architecture graduate with experience in site analysis, spatial planning, design development, and visual communication. Experienced in interdisciplinary teamwork through an international architecture internship at LEL Design Studio, Chengdu, China, supporting design development, research, and project coordination. Interested in sustainable design, public spaces, and context-responsive design.

INTERNSHIP & PROJECTS

Landscape Architecture internship

LeL design studio | Chengdu (成都), China

APR 2026 – JUN 2026

- Assisted architects with design development, site analysis, and project coordination.
- Conducted research on construction materials, design strategies, and local context.
- Supported design proposals, project concepts, diagrams, and presentation materials.
- Worked with multidisciplinary teams to coordinate project information and design deliverables.
- Participated in design discussions and developed solutions based on project requirements

Bu Tiange Winery / Experience Factory

Architecture & Landscape Design | 步天歌酒庄建筑设计 (体验式工厂)

Developed design ideas connecting the winery, vineyard, and landscape.

Focused on spatial experience, circulation, and the relationship between architecture and nature.

Shanxi Huangcheng Xiangfu Vinegar Culture & Ecotourism Experience Park

Master Planning & Landscape Design | 山西皇城相府醋业文化旅游生态体验园 方案深化设计阶段

Developed landscape ideas based on the site context and local culture.

Designed green spaces and circulation connecting different areas of the project.

Landscape Architecture projects

DOI SAKET TEMPLE

Architectural Concept & Spatial Design

Developed a spiritual space inspired by Chapphaphannaransi — the Six Rays of Light of the Buddha, using natural light and materials.

WIANG DOK SIEW Resort

Master Planning & Landscape Design

Developed a resort master plan inspired by the Bauhinia flower, integrating local identity, topography, circulation, and planting.

Botanical Garden / Arboretum

Spatial Planning & Landscape Design

Developed a master plan integrating public spaces, community activities, learning areas, circulation, and ecological conservation.

EDUCATIONAL BACKGROUND

MAEJO UNIVERSITY — FACULTY OF ARCHITECTURE AND ENVIRONMENTAL DESIGN.

2020 – 2026

Bachelor's Degree in Landscape Architecture

SIAS UNIVERSITY, CHINA (郑州西亚斯学院)

MAR 2025 – DEC 2025

Chinese Language Program

SKILLS & TOOLS

Methodology : Landscape Architecture, Architectural Design, Urban Design, Spatial Planning, Site Analysis, Concept Development, Landscape Design, Fast Visual Thinking & Sketching, Research-Driven Design, Concept Building & Visual

Tools: AutoCAD, SketchUp, Rhino, Photoshop, Illustrator, Lumion, Enscape, D5 Render
